

## U.S. History

### Mr. Hampton's March 16-20, 2020 Contingency Plan and road map to higher proficiency scores in US History:

- During the week of March 16-20, 2020 parents will be contacted and informed to assist their children with the reviewing of two study packets called (Trimm Reference and Key Items in U.S. History). Parents will also be asked to assist with the creation and usage of flashcards, as well asking their children to watch summative videos pertaining to the era ranging from 1877 through the modern era.
- After students return, a continuation of general instruction will continue for approximately two weeks (in order to complete uncovered material due to local and national crises), as well as a review of the Final Comprehensive Assessment. Next, targeted reviews of the weakest areas (according to benchmark test data) will be covered in more detail. Furthermore, computer-based programs such as *PBS Learning Media* and *Quizlet* will be utilized individually and within groupings to provide additional remediation.
